

Amit Jethva

Computer Engineering Student

Ahmedabad, Gujarat, India — amitjethva2707@gmail.com

[LinkedIn](#) — [GitHub](#) — [LeetCode](#)

Professional Summary

Computer Engineering student interested in Machine Learning, Data Analytics, Software Development, and Problem Solving. Interested in applying programming, data analysis, and algorithmic skills to practical software and data-driven projects.

Education

L.D. College of Engineering

Ahmedabad, Gujarat, India

Bachelor of Engineering (BE) – Computer Engineering

Technical Skills

Programming / Development C++, Python

Data & Visualization NumPy, Matplotlib, Seaborn

Areas of Interest Machine Learning, Data Analytics, Software Development, Data Structures & Algorithms, Problem Solving

Projects

Faculty ERP

[Live Demo](#) [GitHub](#)

- Academic and faculty ERP project focused on organizing institutional workflows, faculty records, and departmental processes.

Jarvis AI Assistant

[GitHub](#)

- Desktop voice and task assistant focused on speech interaction, natural language processing, system control, and workflow automation.

DSA Repository

[GitHub](#)

- Systematic repository of data structures and algorithm implementations focused on algorithmic problem solving and efficient implementations.

SmartShop Analytics Dashboard

[Live Dashboard](#) [GitHub](#)

- Data analytics dashboard focused on exploring retail sales, inventory, and customer purchasing patterns.

Certification

Google Certifications
